

University of Sciences and Technology
of Oran, Algeria.

Material Physics and Fluids
Laboratory –USTO-MB

***National Conference on Material Physics and Fluids (CPMF-2022)
In the prestigious city of Oran (Algeria), On December 12 to 14, 2022.***

Research areas: Optoelectronic materials
Responsible: Pr. Hiadsi Said

Optoelectronic materials **include:**

- Theoretical and /or Experimental Studies of Optoelectronic Materials :
- Organic and Inorganic Optoelectronic Materials and Applications
- Optic and Spintronic Properties of Rare Earth alloys
