

**University of Science and
Mohamed Boudiaf USTO-MB
Faculty of Chemistry**

**Laboratory of Science, Technology and
Process Engineering – LSTGP**

Organize:

**1st International Congress,
Environment and
Sustainable Development
(ICESD1'23)**

Oran, 05-06th June 2023

President of the Congress:

Pr. HADJEL Mohammed

Secretariat

Phone N° : +213 699 715 038

E-mail : ciedd123@univ-usto.dz

OBJECTIVE

The **ICESD1'23** International Congress will provide a good platform bringing together leading experts and scientific researchers to help solve problems related to renewable energy, water and the environment.

This Congress is an opportunity for meetings, exchanges and debates between academics, researchers and industrialists on current events, advances and developments in research in the field of mineral materials, water, the environment, waste treatment and sustainable development.

The **ICESD1'23** International Congress will include plenary conferences, oral communications and posters promoting collaboration and the consolidation of links between participants.

The working languages will be: Arabic, English and French

SUBMISSION

Documents must be sent by e-mail as attachments to the following address :

ciedd123@univ-usto.dz
