

Ministry of Higher Education and Scientific Research
The University of Sciences and Technology Mohamed Boudiaf - Oran
Faculty of Architecture and Civil Engineering
Department of Civil Engineering
In collaboration with the **Materials, Soil, and Thermic Laboratory** and the
Mechanical Structures and Stability of Constructions Laboratory

Organise,

3rd NATIONAL CONGRESS ON CIVIL ENGINEERING

AI at the Service of Civil Engineering

C.N.G.C. 26

ORAN 09 - 10 DECEMBER 2026

3RD NATIONAL CONGRESS ON CIVIL ENGINEERING AI AT THE SERVICE OF CIVIL ENGINEERING

OVERVIEW: Following the success of previous editions in Tébessa (2024) and Batna (2025), **CNGC 2026** will be held in Oran on December 9–10, 2026. Under the slogan "Artificial Intelligence at the Service of Civil Engineering," the congress aims to foster scientific exchange, promote innovation, and address the challenges of ecological transition and digital transformation through AI-driven solutions.

CONGRESS THEMES

Theme 1: Geotechnics and Modeling.

Theme 2: Innovative and Sustainable Materials.

Theme 3: Structural Analysis and Dynamics of Works.

Theme 4: Artificial Intelligence Applied to Public Works and Civil Engineering.

ORAN 09 - 10 DECEMBER 2026

Doctoral Courses

Scheduled for December 8, 2026, three doctoral courses will be offered to researchers and PhD students. These sessions include theoretical lessons and practical workshops covering :

- Unsaturated soils.
- Structural analysis and modeling.
- Innovative materials.

IMPORTANT DATES

Call for Papers April 30, 2026

Submission Deadline June 15, 2026

Notification of Acceptance July 15, 2026

Congress Dates December 9–10, 2026

REGISTRATION & PARTICIPATION

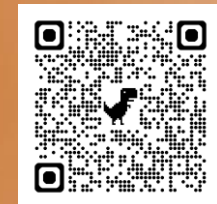

Fees :

- **Students:** 3,000 DA.
- **Teacher-Researchers:** 6,000 DA.
- **Professionals:** 8,000 DA.

Fees cover congress sessions, doctoral courses, conference materials, lunches, and coffee breaks.
